### **Year 3 Summer Term 2026**

### Music

- Learning to play the ukulele

### Geography

- Coasts

### Extended task/Project

Create an information page about a familiar place – this might be a place visited on holiday, somewhere local or a day trip destination.

### Maths

- Fractions  
Fractions of amounts, adding and subtracting fractions  
Solving problems and conversions
- Count up and down in tenths; recognise that tenths arise from dividing an object into 10 equal parts and in dividing one-digit numbers or quantities by 10
- Tell and write the time from an analogue clock, including using Roman numerals from I to XII and 12-hour and 24-hour clocks.
- Estimate and read time with increasing accuracy to the nearest minute.
- Record and compare time in terms of seconds, minutes and hours.
- Use vocabulary such as o'clock, a.m./p.m., morning, afternoon, noon and midnight.
- Know the number of seconds in a minute and the number of days in each month, year and leap year.
- Compare durations of events [for example to calculate the time taken by particular events or tasks].
- Geometry - Recognise angles as a property of shape or a description of a turn.
- Identify right angles, recognise that two right angles make a half-turn, etc; identify whether angles are greater than or less than a right angle.
- Identify horizontal and vertical lines and pairs of perpendicular and parallel lines.
- Draw and describe 2-D shapes and make 3-D shapes
- Mass – Measurement and Capacity
